WHAT IS STALKING?

While legal definitions of stalking vary from one jurisdiction to another, a good working definition of stalking is *a course of conduct directed at a specific person that would cause a reasonable person to feel fear.*

STALKING VICTIMIZATION

- 7.5 million people are stalked in one year in the United States.
- 15% of women and 6% of men have experienced stalking victimization at some point during their lifetime in which they felt very fearful or believed that they or someone close to them would be harmed or killed.
- The majority of stalking victims are stalked by someone they know: 61% of female victims and 44% of male victims of stalking are stalked by a current or former intimate partner, 25% of female victims and 32% of male victims are stalked by an acquaintance.
- About half of all victims of stalking indicated that they were stalked before the age of 25. About 14% of female victims and 16% of male victims experienced stalking between the ages of 11 and 17.
- Approaching the victim or showing up in places when the victim didn't want them to be there; making unwanted telephone calls; leaving the victim unwanted messages (text or voice); and watching or following the victim from a distance, or spying on the victim with a listening device, camera, or global positioning system were the most commonly reported stalker tactics by both female and male victims of stalking.
- 46% of stalking victims experience at least one unwanted contact per week.
- 11% of stalking victims have been stalked for 5 years or more.

STALKING AND INTIMATE PARTNER FEMICIDE

- 76% of intimate partner femicide victims have been stalked by their intimate partner.
- 67% had been physically abused by their intimate partner.
- 89% of femicide victims who had been physically assaulted had also been stalked in the 12 months before their murder.
- 79% of abused femicide victims reported being stalked during the same period that they were abused.
- 54% of femicide victims reported stalking to police before they were killed by their stalkers.

RECON STUDY OF STALKERS

- 2/3 of stalkers pursue their victims at least once per week, many daily, using more than one method.
- 78% of stalkers use more than one means of approach.
- Weapons are used to harm or threaten victims in 1 out of 5 cases.
- Almost 1/3 of stalkers have stalked before.
- Intimate partner stalkers frequently approach their targets, and their behaviors escalate quickly.

IMPACT OF STALKING ON VICTIMS

- 46% of stalking victims fear not knowing what will happen next.
- 29% of stalking victims fear the stalking will never stop.
- 1 in 8 employed stalking victims lose time from work as a result of their victimization and more than half lose 5 days of work or more.
- 1 in 7 stalking victims move as a result of their victimization.
- The prevalence of anxiety, insomnia, social dysfunction, and severe depression is much higher among stalking victims than the general population, especially if the stalking involves being followed or having one's property destroyed.

STALKING LAWS

Stalking is a crime under the laws of 50 states, the District of

- Columbia, the U.S. Territories, and the Federal government.
- Less than 1/3 of states classify stalking as a felony upon first offense.
- More than 1/2 of states classify stalking as a felony upon second or subsequent offense or when the crime involves aggravating factors.
- Aggravating factors may include: possession of a deadly weapon, violation of a court order or condition of probation/parole, victim under 16 years, or same victim as prior occasions.
