Crisley Esquivel Sarceno

Social Work

“I am only one, but I am one. I cannot do everything, but I can do something. And I will not let what I cannot do interfere with what I can do.”

-Edward Everett Hale

Crisley Esquivel Sarceno is a first generation college student, and one of the first in her family to transfer to a university. Crisley's is from Guatemala and she is bilingual, speaking both English and Spanish. When she first came to the United States it was difficult to communicate with others, but teachers, friends, church, and family helped her work hard and learn English faster.

She is a liberal arts major, but is pursuing a career in social work because she wants to help others. She believes that it is better to give than to receive. She plans to transfer to Our Lady Of the Lake University because they offer a bilingual program in the field of social work. She is proud to be a San Antonio College student and she will continue to work hard in her education and focus on helping others.
