

## 2019 DISTINGUISHED GRADUATE

### Leslie Hoffman

Psychology

“A goal is not always meant to be reached, it often serves simply as something to aim at.”

- Bruce Lee

Leslie is 21-years-old and a proud Latina. She is a psychology major and will transfer to UTSA in the fall of 2019. She is the youngest of four siblings and will be a first generation college graduate. “Anything is possible if you set your mind to it,” Leslie says. She hopes to one day be an inspiration to other young students that want to accomplish their educational dreams, especially if they are the first in their family to graduate with a college degree. She would like to become an art therapist because she loves studying psychology and feels like art is an excellent way to express yourself. She has always been fascinated by how powerful the human mind can be. She enjoys outdoor activities, going to the gym, watching movies, and spending time with family and friends. She has one dog and five cats. She hopes one day to have her own family but for now her pets are her fur babies.
