

2019 DISTINGUISHED GRADUATE

Evelyn Rodriguez

Architecture

“Believe in yourself. You are braver than you think, more talented than you know, and capable of more than you imagine.”

- Roy T. Bennett

Evelyn Rodriguez was born in New York City, but was raised in San Antonio since she was two-years-old. She graduated from Southwest High School in 2008 which is the same year she had her daughter. She took time away from school to raise her daughter but when she realized how difficult it was to do on minimum wage, she knew she had to go back to school to get a degree.

In 2015, she enrolled in the Alamo Colleges and has been on a path not just towards education but towards self-discovery. At first it was difficult finding a major, she changed it three times before she finally decided that architecture was her true passion. She is currently enrolled at San Antonio College with a 3.5 GPA with hopes of receiving her associate degree May 2019.
