

2019 DISTINGUISHED GRADUATE

Juzzine Valverde

Fire Science

Support your dreams until your dreams support you.

- Produced by Russ

Juzzine Valverde is from San Antonio and has been raised by a single parent since she was eleven. She has gone through many struggles in life but has never let that stop her from pursuing her goals. She has identified her short term and long term goals. Her short term goal is to obtain her associates degree in fire science at the end of the spring semester and then to transfer to Texas A&M-San Antonio. Her long term goal is to obtain her bachelor's degree in fire and emergency services from Texas A&M-San Antonio. Her long term career goal is to become an Arson Investigator for the city of San Antonio.

She currently holds her Texas commission of fire protection certification and will be testing soon for her emergency medical technician license.

She is very excited to start a new chapter in her life and is very grateful for the faculty and staff in the fire science and kinesiology department because they have helped her the most through her journey her at SAC.
