Are You Disability Aware? [June 27 is National PTSD Awareness Day.](#)

In order to bring greater awareness to the issue of posttraumatic stress disorder (PTSD), the United States Senate designated June 27th as National PTSD Awareness Day. In addition, June has been designated as PTSD Awareness Month by the National Center for PTSD (NCPTSD).

According to the NCPTSD, PTSD is an anxiety disorder resulting from exposure to a single traumatic event or multiple traumatic events, such as sexual or physical assault, natural or man-made disaster, and war-related combat stress. Symptoms of PTSD include persistent intrusive thoughts and distressing dreams about the traumatic event, triggered emotional responses to reminders of the trauma, efforts to avoid thinking or talking about the trauma, and persistent hypervigilance for cues that indicate additional danger or trauma re-occurring. (The National Child Traumatic Stress Network).

THE TURBON STUDENT CENTER is moving!

The Turbon Student Center is scheduled for renovation and we are vacating the building on June 25, 2015.

We are relocating to the Norris Technical Building (NTB) during the construction, room number to be determined. This will be our new home for the next 18 – 24 months. We are excited about the new facility and look forward to the reopening in just two short years. In the meantime, Student Life will deliver the same quality experiences in the temporary location.

Stay posted for more details in the SPC Weekly and campus bulletin boards.
