Connecting your Windows 11 Device to a Wireless Network
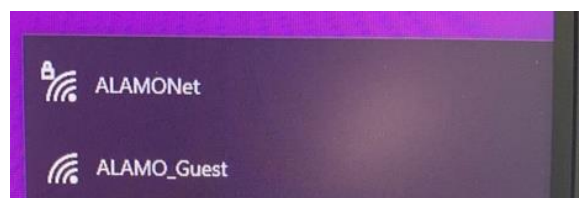

1. Locate the globe icon at the bottom right of your device.	
2. Then, click the arrow or button next to the Wi-Fi icon to manage Wi-Fi connections.	
3. Select the network ALAMO_Guest to connect	
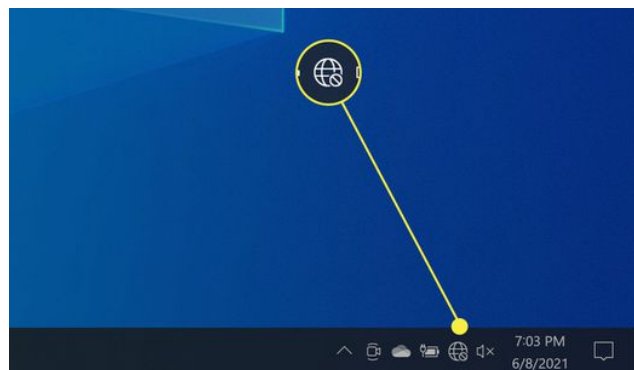

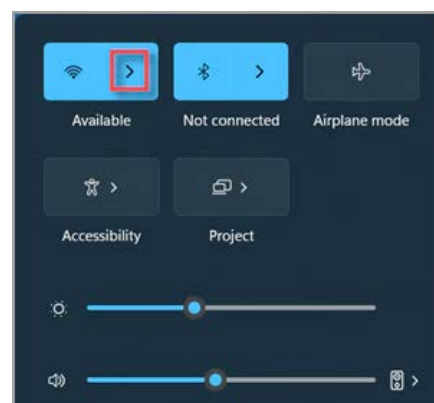

4. Select Connect.	
5. Once you are connected to the ALAMO_Net, a pop up screen will prompt you to enter your email address.
