

2025 Bond Proposal

Strengthening Education and Workforce Connections

The San Antonio area has experienced one of the fastest growing populations in the U.S. and this growth is expected to continue. To address this growth, Alamo Colleges is proposing a \$987 million bond for the May 2025 ballot.

Preparing for Growth & Providing Access

With a projected enrollment of 100,000 by 2029, the Alamo Colleges District is committed to increasing access to education and training that aligns with our community and industries. This focus positions our learners for successful careers and economic mobility in an ever-changing workforce landscape.

Preparing for Workforce Development

The Alamo Colleges District, the region's #1 provider of workforce education, partners with industry to offer programs that prepare students for industry jobs that are in demand. The bond initiative will align our programming to our region's key sectors with expansions and new locations including schools and centers focused on the following key sectors:

Engineering

Healthcare

IT/Cybersecurity/
Emerging Technologies

Applied Technology &
Construction Trades

Automotive Technology

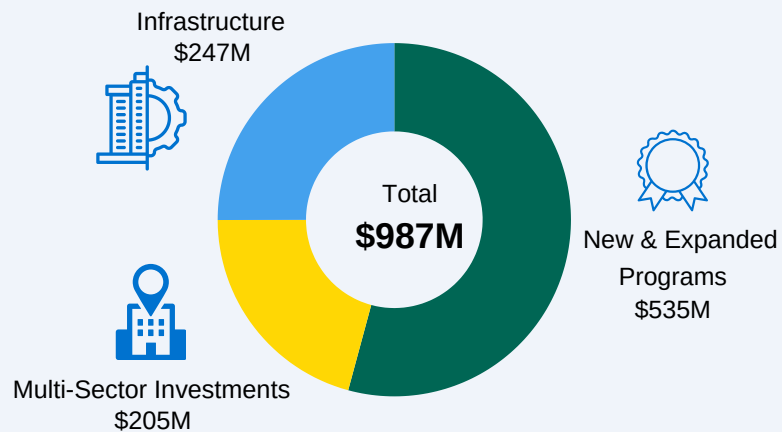

Transportation
