The screenshot shows a dialog box titled "Select a window or an application that you want to share". It has a close button (X) in the top right corner. Below the title bar are two tabs: "Basic" and "Advanced", with "Advanced" selected. There are three main options, each with an icon and a question mark: "Portion of Screen" (a blue box with a white screen icon), "Music or Computer Sound Only" (a speaker icon), and "Content from 2nd Camera" (a camera icon). At the bottom, there are two checkboxes: "Share computer sound" and "Optimize Screen Sharing for Video Clip", both of which are unchecked. A blue "Share" button is located at the bottom right of the dialog box.

TIP

You can always choose “Stop Share” to restart your screen-sharing options.
