# MESSAGE FROM THE PRESIDENT

**Dr. Veronica Garcia**  
President  
Northeast Lakeview College

On behalf of the Northeast Lakeview College family, I am excited to extend a sincere congratulations to the class of 2024. Today marks the highlight of our academic year and demonstrates the dedication of each of our graduates to reach this milestone.

As we gather here today to celebrate student achievement, I want to take a moment to acknowledge the hard work, dedication, and sacrifice that brought each of you to this point. You have worked tirelessly to get to this place in your educational journey and you should be proud of your accomplishments.

I am honored to be a part of a community of faculty, staff, and administrators that values student success. Guided by our core values, we prepare students for their futures as they learn to become critical thinkers outside of the classroom and an asset to the communities that we serve. I applaud the families and special guests of the graduates joining us to celebrate the achievements of each of these students. Each of you have played a role in their accomplishments.

As our graduates prepare to leave NLC, and become our newest alumni, I challenge them to continue to be their best self. Use the skills they gained at our institution and those experiences they have yet to encounter to empower them to become the leaders I know they can be.

Go confidently in the direction of your dreams  
And live the life you have imagined.

-Henry David Thoreau

# SOAR GRADUATE

**Keera Ortiz**  
SOAR Graduate

At the Northeast Lakeview College Commencement Ceremony, one student is selected to represent the graduating class and provide commencement remarks. Interested students apply for consideration and are reviewed and selected by a cross-college committee of faculty and staff. SOAR represents Success, Opportunity, Achievement, and Responsibility. The student selected best represents these characteristics.

Keera Ortiz is a Northeast Lakeview College graduate earning her Associate of Arts degree. Alongside her studies at NLC, Keera volunteers and fosters at the Humane Society of New Braunfels, where she provides care and shelter for abandoned or abused animals. She opens her home and heart to these animals while helping them find their forever home. Keera's dedication to excellence is further demonstrated through her participation in the National Technical Honor Society, which acknowledges her exceptional success

in career and technical education. During high school, Keera was accepted into a career center, where she studied cosmetology and earned her cosmetology license, showcasing her diverse talents and commitment to personal and professional growth. Keera is the child of a service member, which caused her to relocate many times throughout her childhood. During this time, she had the privilege of learning about many cultures and lifestyles. She says, "this allowed me to understand that everyone's version of success is unique and beautiful." Her future plans are to pursue a degree in criminology and criminal justice with a minor in business management. Having completed her associate's degree in the fall, Keera is currently attending UTSA full-time. She is also considering law school with the ultimate goal of becoming a criminal defense and animal rights attorney. Keera aspires to leave a lasting, positive impact on her community as she moves forward in life.

## Commencement History and Traditions

**Academic Regalia** - Academic gowns represent a tradition which comes down from the universities of the Middle Ages.

In 1895 in the United States, the Intercollegiate Commission prepared a code specifying the design and color of academic regalia. Under this code, the Bachelor's Gown has long pointed sleeves and is designed to be worn closed. The Master's Gown has an oblong sleeve, which gives the impression of a short sleeve. The rear part of its oblong shape is square cut, and the front portion has an arc cut away. The Doctor's Gown has bell-shaped sleeves. Doctor's and Master's recipients wear hoods which may represent the color of the college or university from which the degree is received.

Caps are the traditional mortarboard except for the Doctor's degree, where a four-sided velvet tam is optional. Caps from schools with special color gowns, or from foreign universities, may be more distinctive. Holders of all these degrees wear the tassel on the left. Candidates for graduation wear the tassel on the right.

**College Mace** - The mace is a traditional symbol of authority. During the Middle Ages the mace served the practical purpose of protecting the academic procession from local rowdies. Today, the mace is part of the heritage and pageantry of the academic procession.

**AlamoPROMISE** - A last-dollar scholarship program that covers tuition and required fees for current academic year graduates from participating high schools seeking an academic certificate or associate's degree at one of the five Alamo Colleges. These graduates are designated with a white stole.

**Honors** - The Honors designation is represented with a bright yellow cord.

**Honors Academy** - This program encourages NLC students with high scholastic achievement to take on the additional academic rigor of the Honors Academy. Graduates of the Honors Academy will receive Honors Distinction on their transcript.

**National Society of Leadership & Success** - The Society is the largest leadership society in the nation with a mission of building leaders to make a better world. Students complete a leadership program prior to induction and are represented with a grey designation.

**Military Designation** - Students and employees that are active duty or retired military are represented by a red, white, and blue cord.
