5. Click on Core PSLOs drop down arrow and select Core ISLOs
6. Click on Core Courses drop down arrow and select Contexts
7. Click on white boxes to add check marks to curriculum map – click on check marks to remove them from curriculum map

The screenshot shows the eLumen application interface. At the top, the user is logged in as Julie Razuri, Department Coordinator in the Veteran Affairs organization. The navigation menu includes Strategic Planning, SLOs & Assessments, Org Management, and Reports. The SLOs & Assessments section is active, and the Curriculum Map sub-tab is selected. The mapping source is set to CSLOs, and the organization is Veteran Affairs. The Core ISLOs dropdown is set to Core ISLOs, and the Contexts dropdown is set to Contexts. The grid below shows mapping source rows with checkmarks in the columns for Communication Skills, Analysis, and Synthesis. A large black oval highlights the grid area, and a number 7 points to it.

Mapping source	Organization	Outcomes Groups	Programs	Written: Students will individually or collaboratively develop coherent, evidence-based, organized, grammatically correct writing...	Oral: Students will individually or collaboratively demonstrate appropriate speaking techniques based upon delivery of verbal and...	Visual: Students will individually or collaboratively demonstrate visual communication through formal, conceptual, linguistic...	Analysis: Students will identify, classify or challenge components of an argument/problem.	Synthesis: Students will combine and organize evidence to demonstrate a greater depth of understanding of an argument/problem.
