Samantha Schumacher

ADMINISTRATIVE ASSISTANT

“You’ll never do a whole lot unless you’re brave enough to try.”

– Dolly Parton

Samantha was born and grew up in London, England. She immigrated to the United States in 2007 at age 20 and has lived in San Antonio since. Samantha met her husband the same year she immigrated, and they were married in 2009. Together they have one adopted son and are foster parents hoping to add to their family once again soon.

In January 2020, Samantha enrolled in San Antonio College to get her associate degree from the administrative assistant program. She excelled quickly and has made the President’s List and the Dean’s List twice. She also graduated from the Alamo Colleges Student Leadership Institute, was inducted into the National Society of Leadership and Success, and is a member of Phi Theta Kappa. In the fall of 2020, Samantha opened her own crafting business and successfully runs it by herself.

Being back in school after so long has been a challenge but Samantha has done very well and wears many hats in her daily life, being a student, a wife, a mother, foster parent, business owner, and employee. She is grateful for all the support she has received during her time at San Antonio College and looks forward to what the future will bring.
