## Jasmine Carrington-Brannon

**NURSING BSN**

*“Don’t let the fear of the time it will take to accomplish something stand in the way of your doing it. The time will pass anyway; we might just as well put that passing time to the best possible use.”*

**Earl Nightingale**

Jasmine Carrington-Brannon is from Del City, Oklahoma, a military spouse to an active-duty service member and the mother of two children. She is passionate about serving the community and has worked in healthcare since 2015. Jasmine graduated from the Licensed Vocational Nurse to Associate of Nursing bridge program at San Antonio College in 2021 with a 3.9 GPA.

The confidence and support she gained from the LVN to RN bridge program inspired her to continue her education at San Antonio College and pursue the bachelor of science in nursing program. With the support of her family, instructors, and classmates, she graduated from the BSN program with honors.

Jasmine’s life outside of school entails working full-time at a hospital and spending time with family and friends. Despite her responsibilities, she still gives back to her community. She serves at the Food Bank and volunteers for Sunday school at her church.

Volunteering has brought her joy; just like nursing, it allows her to serve. Jasmine’s professional goal is to continue learning to help provide her patients with the best care and continue to serve her community.
