Hailey Prado

ARCHITECTURE

“A failure is not always a mistake. It may simply be the best one can do under the circumstances. The real mistake is to stop trying.”

B.F. Skinner

Hailey Prado was born in Austin and grew up in San Antonio. She is 28 years old and has recently gone back to college to study architecture. She has persevered through many obstacles. Hailey has managed to keep a 4.0 GPA while working and being a full-time student.

Hailey would like to express to others that no matter how hard life gets to keep trying and don't give up on yourself. You are worth it, and it is possible to go back to college and find a passion that will lead to a career.
