## Trinity Garcia

CRIMINAL JUSTICE

*“Be the change you wish to see in the world.”*

**Gandhi**

Trinity Marie Garcia is a native San Antonian with respect and admiration for the city and its culture. She decided to pursue a criminal justice degree at San Antonio College. Her inspirations and biggest supporters are her aunt, who is a judge in the Rio Grande Valley area, and her father, who is a self-made entrepreneur.

Besides enjoying school, Trinity likes to spend time with her family and friends and loves to create memories.

When she graduates with her associate degree, Trinity plans to continue her education and further her studies into her criminal justice degree. The next destination has yet to be decided, but her focus and drive will remain the same.

Throughout her journey, she will continue to travel when possible and work where she is able to continue her efforts to be a well-accomplished, educated pursuer of improving our community. She is excited for her continued journey.
